* Up-charges apply, contact Nevers for details

Non-Premium HPL Finishes

If you prefer laminate finishes for your tables, no problem. Nevers works with major laminate manufacturers. The product pricing in this document is based on Wilsonart HPL finishes selected from that manufacturer's "standard" or "non-premium" lines.

If you have a specific other manufacturer or laminate selection type in mind, contact Nevers to verify both pricing and availability.

***NOTE: ACCEPTABLE LAMINATE SELECTIONS IN ALL CASES ARE ALWAYS SUBJECT TO UNFORESEEN PRICE ADJUSTMENTS AND MAY CAUSE PROJECT LEAD TIME VARIANCES DUE TO THAT. FACTORY AVAILABILITY, NON-FACTORY INVENTORIED SPECIAL PRICING OR MINIMUM ORDERS ON LAMINATES WILL NEED TO BE PRICED SEPARATELY.**

To view the Nevers curated Wilsonart standard laminate selections, visit our website (www.nevers.com) and use the drop-down menu under (RESOURCES). The direct address is: www.nevers.com/resources/finishes-profiles/laminate-designs/

LEEZA Specifications

1. Top Thickness: 1.5"
2. Tops Are One-Piece Long Grain
3. Stiffeners Included
4. Bases Are 2-3/4" Square Channel Steel
5. Power is Optional
6. For sizes longer than 120" and custom top dimensions, please consult Nevers.

LEEZA Randomized Walnut Plank Veneer (Code RP)

LEEZA Edge Profiles

Standard LEEZA Edge Profiles

LEEZA tables (30"H and 43"H) have two standard edge profiles: one for wood (code WZ) and the other for laminate (code LZ). We can provide a small selection of other profile types as either a modified option or a custom option for your order. Please contact Nevers directly for more information.

WOOD (WZ)

LAMINATE (LZ)

Standard LEEZA Angled Metal Base Finishes and Codes:

Metal bases for LEEZA tables include polished chrome steel and two powder coat colors (black and silver). It is possible to order powder coat bases in other colors. Consult Nevers directly for more information.

POLISHED (CR)

BLACK (BL)

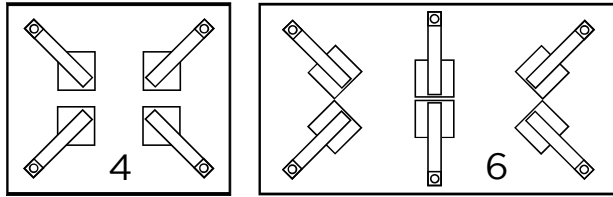

SILVER (SI)

NOTE: COATED NATURAL STEEL IS AVAILABLE AS OPTIONAL: CONTACT NEVERS FOR DETAILS

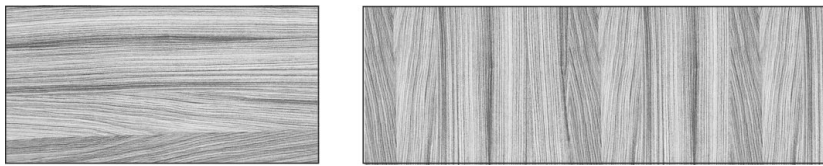

Standard Angled Metal Base Layouts:

LEEZA tables are designed and built for stable, sturdy performance. Nevers offers other configurations dependent on table length and width. Model numbers already include the correct number of bases required.

Grain Direction of Tops for Wood or Laminates:

With LEEZA tables, the grain of the wood or laminate top goes in the direction of the **longest dimension** (long grain) up to tops **ten feet long**. After that length on modified or custom tables, grain direction runs with the shorter dimension (short grain). This is done in consideration of matching veneer flitches. Upon request, we can determine if grain directions can be matched to another preference. Please contact Nevers directly for more information.

Power Options

Power option pricing and specifications may be found in the Nevers Power Option price list.
You can download your copy from our website: www.nevers.com

Specifying

In general, Nevers codes specify as follows: size part number, top size, edge profile, base information, options, and power. There may be other considerations depending on the product type. Nevers will need to know the following items to process an order help us create a LEEZA table quotation or to place an order.

LEEZA LAMINATE TOP

ORDERING STRUCTURE:

L/[MODEL]/[TOP SIZE CODE]/[EDGE PROFILE]/[TABLE HEIGHT]/[TOP CODE]/[BASES]/[OPTION]/

ORDERING CODE SAMPLE:
