SPECIFICATION SPECIFICATION GUIDE

Best practices for specifying Staende tables

1. Determine the size table needed.
2. Determine if laminate or veneer is the best fit for your table.
3. Select your finish.
4. Build your part number based on your selections.
5. Place your order.

LEAD TIMES

Lead times are measured from the date of approved, signed drawings and receipt of the project deposit. Some materials for “Modified” or “Custom” tables may have long or variable lead times (stone, inset logos, AV equipment, etc.).

The lead times shown at nevers.com/lead-times/ are general estimates for planning and not a guarantee of completion. Nevers is not responsible for delays caused by approval chains, order entry complexity, stain-to-match time required, or vendor supply chain stability.

The most up to date lead time information can be found at nevers.com/lead-times/

SUBMITTING A PURCHASE ORDER

Please send all orders to orders@nevers.com. We require a clean PO, signed drawings, and for all commercial orders a 50% deposit before the order will be scheduled and materials ordered. 50% deposit can be paid by ACH, check or credit card (credit card fees apply.)

Wood is a natural material and variations are part of its inherent beauty and are not considered defects.

All wood finishes darken with age and exposure to ultraviolet light. This is more apparent with cherry and maple veneers.

For best representation of a finish shown above use a physical sample. Samples will vary from final product due to natural variations in texture, color, grain pattern and natural variations.
